

Dear Parent or Guardian,

Good nutrition is necessary for success in school! If you think your children may be eligible to receive free or reduced-price meals under the National School Lunch Program and School Breakfast Program, please take the time to fill out and submit an application.

If your children are eligible, they will receive a nutritious breakfast and/or lunch every school day, which can help with their physical development. Experts say that children who don't get basic nutrition every day don't achieve as well in school as those who do get good nutrition.

We'll keep your application information private and confidential. Also, we won't, in any manner, publish, post or announce the names of children eligible for free or reduced-price meals. And we won't identify any children with special tokens or tickets or any other means.

You may call the District Office at (815) 858-9005 for further explanations of the National School Lunch/Breakfast Program. Applications are available any time during the school year.

Free summer meals are available to all families and are part of the Summer Food Service Program sponsored by the USDA and Illinois State Board of Education. To find a "Summer Meals" site in the area for children 18 years of age and under, please call (800) 359-2163 or go to "SummerMealsIllinois.org".

Respectfully,  
Brad Albrecht  
Superintendent
